

**CALIFORNIA REGIONAL BLUEPRINT PLANNING PROGRAM
2009 STATEWIDE SUMMIT**

Tuesday, February 10, 2009

8:30 a.m. until 5:30 p.m.

California Department of Health, East End Complex Auditorium
1500 Capitol Avenue, 1st Floor Auditorium
Sacramento, California

This event is co-hosted by the Governor's Office of Planning and Research and the California Department of Transportation, with transportation planning funds from the Federal Highway Administration.

The Regional Blueprint Planning Statewide Summit is the seventh in a series of statewide workshops developed to support Regional Blueprint Planning grant recipients, helping to build capacity for regional collaboration and integrated planning. The Summit will provide a forum for participants to exchange information, share best practices, and combine knowledge and resources. The Summit will include presentations from state leaders on key topics impacting land use and transportation issues. The summit will also provide interactive settings to exchange ideas and information with MPOs, state agency staff, and key stakeholders.

Anyone interested in comprehensive regional planning to improve California's quality of life, as defined by the three "Es," economy, environment and equity: especially city, county, regional, state, federal and Tribal agencies, elected officials, business, and nongovernmental organizations is welcome to attend.
